

AIR_SR6

AIR™ 6.5" 2-Way Surface Mount Outdoor Speakers

AIR™ speakers by Crestron® offer superior sound quality and flexible installation in a range of popular sizes for indoor and outdoor applications. Weatherized construction, high power handling, and extended frequency response make AIR speakers an ideal choice for enjoying music out on the deck or around the pool. Their clean, contoured design also makes them a great fit for home theater and other interior applications.

The AIR SR6 model provides a pair of weatherized 2-way surface-mount loudspeakers featuring 6-1/2 inch woofers and 1 inch titanium dome tweeters. Power handling is an impressive 150 Watts (program), with a wide frequency range from 55 Hz to 20 kHz (-10 dB).

AIR SR6 speakers are smartly designed to deliver years of reliable performance and a professional appearance in any residential or small commercial environment. Featuring a unique "QuickBall" mounting system, the AIR SR6 can be mounted to any solid flat surface with the ability to orient and aim the speaker in virtually any position. The QuickBall bracket achieves a very clean and stable installation using a tool-free ball-and-socket mechanism. Simply position the speaker as desired and flip the clamp lever closed. A security screw is included to deter theft by preventing the lever from being released.

The QuickBall mounting bracket can be mounted over a 1-gang US, UK, or European electrical box, allowing wiring to be run through the wall and exit cleanly through the included cover plate. It can also be mounted to a light pole or post using pole-mounting straps (not included). A rear rigging point is also provided for securing the speaker using the optional safety tether kit (SPKA-ST-15^[1]). Connecting the wire at the back of the speaker is facilitated using a detachable screw terminal block.

AIR speakers are available in white or black, and can be painted to blend with the surrounding architecture.

- > *High-performance 2-way surface mount loudspeakers*
- > *Designed for high reliability in both indoor and outdoor applications*
- > *6.5" polypropylene woofers for deep, solid bass*
- > *Optimized dual front ports for enhanced low-frequency response*
- > *Titanium dome tweeters for crisp, clear high-end extension*
- > *Rigid ABS plastic construction with powder coated aluminum grilles*
- > *Versatile and easy-to-install "QuickBall" mounting system*
- > *Allows 360° orientation and continuously variable positioning*
- > *150 Watts program power handling*
- > *55Hz-20kHz frequency range*
- > *8 Ohms nominal impedance*
- > *Available in black or white*
- > *Paintable to blend with surroundings*

> *Sold in pairs*

SPECIFICATIONS

Features & Performance

Woofers: 6.5 inch (165 mm) polypropylene w/rubber surround & steel basket
Tweeter: 0.98 inch (25 mm) titanium dome
Crossover Frequency: 2 kHz
Impedance: 8 Ohms nominal
Frequency Response: 60 Hz to 20 kHz (± 3 dB)
Frequency Range: 55 Hz to 20 kHz (-10 dB)
Power Handling: 150 Watts program
Sensitivity: 88.5 dB @ 1W/1m

Connections

Input: (1) 4-pin 5mm detachable terminal block with screw-down flanges; Speaker input with parallel pass-thru;
Maximum Wire Size: 12 AWG

Environmental

Temperature: -2° to 120°F (-19° to 49°C)
Humidity: 5% to 95% RH (non-condensing)

Construction

Enclosure: ABS plastic, textured finish, paintable
Grille: Aluminum, powder coated, paintable
Mounting: Surface mount to a solid flat surface with option to position over a flush-mounted 1-gang electrical box, 1-gang UK (BS 4662) electrical box, or 1-gang European (DIN 49073) electrical box; pole mount (straps not included); rigging point for safety tether (SPKA-ST-15 sold separately); theft-resistant security screw

Positioning

Yaw (Horizontal): $\pm 30^\circ$
Pitch (Vertical): $\pm 30^\circ$
Roll (Rotation): 360°

AIR_SR6

Dimensions

Height: 11.19 in (284 mm)

Width: 8.08 in (205 mm)

Depth: 6.75 in (172 mm);

8.86 in (225 mm) with mounting bracket

Weight

6.6 lb (3.0 kg) per speaker

Available Models

AIR_SR6-B-T: AIR™ 6.5" 2-Way Surface Mount Outdoor Speakers, Black Textured, Pair [Available September, 2012]

AIR_SR6-W-T: AIR™ 6.5" 2-Way Surface Mount Outdoor Speakers, White Textured, Pair [Available September, 2012]
